

Five 2021 California Wines
Wednesday, March 27th
Trapp Family Lodge Wine Cellar

“If California is not at present the favorite grape-growing country of the world, it is certainly destined to attain that rank, and also to become one of the most extensive”

Ben Truman, *New York Times*, 1868

Hyperbole perhaps, but not that far off the mark, and prescient for 1868.

California produces 90% of all U.S. wines. They produce more than any country outside Europe.

Even threatened, as they are, by wildfires, it's a huge industry.

I'm quite sure that if I tallied all the wines I've consumed in my lifetime, (a daunting task, granted), well over half of them would be from California.

Price is \$35, \$10 for children (food only). Please register online @ the Trapp Family Lodge website or call 802 253-5742 to place reservations. Doors open @ 4:00. I suggest you arrive no later than 4:45 to avoid losing your spot or feeling rushed. People come and go during the tasting which is an informal social format. We end at 6:00
